

## Conference Presentations

### **Monday 19 June**

- 14:00 – SIS08 – C-ITS deployment: the French know-how  
*Guilhem Autret, Cerema Sud-Ouest*

### **Tuesday 20 June**

- 11:00 – TS03 – Communication solutions  
RFID based vehicle-infrastructure communication system for road maintenance  
*Salim Srairi, Cerema Île-de-France*
- 14:00 – TS07 – Incident and traffic management strategies 2  
Improving winter road management with variable messages signs  
*Alexis Bacelar, Cerema Centre-Est*
- 14:00 – TS08 – Freight and logistics tools 1  
Sensor Evaluation for high vehicle occupancy lane  
*David GIL, Cerema Nord-Picardie*

### **Wednesday 21 June**

- 09:00 – SIS26 – Delivering evidence on urban C-ITS benefits to accelerate full scale deployment  
*Lionel Prevors, Cerema Sud-Ouest*
- 09:00 – TS14 – Integrating transport strategies 2  
Innovative traffic management strategies in Europe: lessons learnt from a benchmark  
*Sylvain Belloche, Cerema Territoires et ville*
- 11:00 – SIS30 – ITS4Climate  
*Driss Samri, Cerema Sud-Ouest*

- 11:00 – TS19 – Mapping & positioning  
Facilitating automated driving: Identification of requirements towards network operators  
*Thomas Courbon, Cerema Med*
- 14:00 – TS22 – New management tools  
Increasing congestion and traffic patterns knowledge with the use of archived traffic databases  
*Thomas Courbon, Cerema Med*
- 16:00 – TS28 – Roadside services including weather  
OBU and RSU receipt and acceptance testing in the Scoop project  
*Guillaume Boussiron, Cerema Île-de-France*

***Thursday 22 June***

- 09:00 – TS33 – Architectures and Security  
Cyber-secure internal architecture and materials for automotive  
*Alexandre Tranchant, Cerema Sud-Ouest*
